Born into a regular Bronx family, and inspired by the likes of Heroinx, Led Zepellin, and the Kinks, Ace Frehley first picked up his brother's guitar at the age of 12. He had already performed in a number of bands when, in January 1973, he auditioned for an ad that read: "Guitarist wanted with flash and balls." Within a week he was invited to join - the band was KISS. Frehley explains how the band developed their style in the early days, making their own clothes, wearing make-up and platform shoes. Ace himself even designed the band's iconic lightning bolt logo. Before his personal "the Spaceman" was born and the familiar KISS look established - almost overnight they left behind 1,500 seater theatres in the Midwest and were playing sold-out stadiums around the world. Life in KISS was a whirlwind of accidents, overdoses and excess. Ace parted with the likes of John Belushi and Nic Nolte and enjoyed the seemingly endless supply of fringe benefits that came from being in one of the most successful bands in the history of rock 'n' roll. But soon problems with substance abuse would lead to his leaving the band in 1982, before returning for a second tenure in 1996. Ace in the Hole is the story of KISS but much more than that - it's the story of a kid from the Bronx who found purpose and salvation through music and rose to the top. It's the story of a guy who lived life to the fullest and almost forfeited his life as a result. And ultimately it's a survival story - Ace is alive and kicking, still making music and influencing a new generation of guitarists.

A complete introduction to using the sounds of the voice to promote healing • Explains the emotional meanings and healing attributes of human vocal expression, from vowels and consonants to natural sounds such as laughter or sighs • Includes easy-to-follow vocal and breathing exercises • Contains chants and mantras from cultures around the world As infants and children we use our vocalizations to express our needs and emotions. As we grow older these vocalizations become confined to language. The suppression of emotional sounds because they may be considered childish or undignified is quite commonplace in Western cultures. Yet when done with vigor, the sounds made by laughing, groaning, humming, keening, and sighing hold within them great power for healing. In The Healing Power of the Human Voice James D'Angelo introduces the concepts behind sound healing and provides simple, practical exercises for beginners. He explains in detail the meanings and healing attributes of the whole range of human vocal expression, from vowels and consonants to the natural sounds of laughter or sighs. He praises the power of singing and reveals the ways in which group singing can contribute to physical and mental health. He also presents authentic classical chants and mantras from cultures around the world and shows how we can combine various vocal sounds to form our own mantra to help clear chakra blockages. All of the sounds discussed, as well as the techniques for producing overtones, are placed in a ritualized context and are accompanied by simple movements to enhance tuning the body toward inner harmony, health, and peace.

FINALIST FOR THE 2021 BOOKER PRIZE & A NEW YORK TIMES TOP 10 BOOK OF 2021 WINNER OF THE DYLAN THOMAS PRIZE "A book that reads like a prose poem, at once sublime, intimate, philosophical, witty and, eventually, deeply moving." —New York Times Book Review, Editors' Choice "Wow. I can't remember the last time I laughed so much reading a book. What an inventive and startling writer...I'm so glad I read this. I really think this book is remarkable." —David Sedaris From "a formidably gifted writer" (The New York Times Book Review), a book that asks: Is there life after the internet? As this urgent, genre-defying book opens, a woman who has recently been elevated to prominence for her social media posts travels around the world to meet her adoring fans. She is overwhelmed by navigating the new language and etiquette of what she terms "the portal," where she grapples with an unshakable conviction that a vast chorus of voices is now dictating her thoughts. When existential threats—from climate change and economic precariousness to the rise of an unnamed dictator and an epidemic of loneliness—begin to loom, she posts her way deeper into the portal's void. An avalanche of images, details, and references accumulate to form a landscape that is post-sense, post-irony, post-everything. "Are we in hell?" the people of the portal ask themselves. "Are we all just going to keep doing this until we die?" Suddenly, two texts from her mother pierce the fray: "Something has gone wrong," and "How soon can you get here?" As real life and its stakes collide with the increasingly absurd antics of the portal, the woman confronts a world that seems to contain both an abundance of proof that there is goodness, empathy, and justice in the universe, and a deluge of evidence to the contrary. Fragmentary and omniscient, incisive and sincere, No One Is Talking About This is at once a love letter to the endless scroll and a profound, modern meditation on love, language, and human connection from a singular voice in American literature.

ORIGINALLY PUBLISHED AS I HEARD YOU PAINT HOUSES New York Times Bestseller Now a major motion picture directed by Academy Award® winner Martin Scorsese, starring Academy Award® winners Robert De Niro, Al Pacino, Joe Pesci, Anna Paquin, and Academy Award® nominee Harvey Keitel, and written by Academy Award® winner Steven Zaillian. The Irishman “gives new meaning to the term ‘guilty pleasure.’” – Bryan Burrough, author of Public Enemies, In The New York Times Book Review “Told with such economy and chilling force as to make The Sopranos suddenly seem overwrought and theatrical.” –New York Daily News “A terrific read.” –Kansas City Star Includes an Epilogue and a Conclusion that detail substantial post-publication corroboration of Frank Sheeran’s revelations about the killings of Jimmy Hoffa, Joey Gallo and JFK. The Irishman is an epic saga of organized crime in post-war America told through the eyes of World War II veteran Frank Sheeran, a hustler and hitman who worked for legendary crime boss Russell Bufalino alongside some of the most notorious figures of the 20th Century. Spanning decades, Sheeran’s story chronicles one of the greatest unsolved mysteries in American history, the disappearance of legendary union boss Jimmy Hoffa, and it offers a monumental journey through the hidden corridors of organized crime: its inner workings, rivalries and connections to mainstream politics. Sheeran would rise to a position of such prominence that in a RICO suit against The Commission of La Cosa Nostra, the US Government would name him as one of only two non-Italians in conspiracy with the Commission. Sheeran is listed alongside the likes of Anthony “Tony Pro” Provenzano and Anthony “Fat Tony” Salerno. In the course of nearly five years of recorded interviews, Sheeran confessed to Charles Brandt that he’d twenty-five hits for the mob, and Brandt turned Sheeran’s story into a page-turning true crime classic.

To make matters worse, Mila must now attend a local private school, and navigate a world she seems to barely understand. Everyone keeps telling her that she should not forget her heritage, but this only takes her deeper inside herself. That is until she meets the "Fish Boy" from the bottom of the mountain. Together, they teach one another what is best for her. However, every time Mila asks about the past, he refuses to answer. She resolves to find out what happened that caused her to be unable to look her grandmother squarely in the eye.

In 1938, two rival expeditions descend on an ancient temple recently discovered in the jungles of Honduras, one intending to shoot a huge Hollywood production on location there, the other to disassemble the temple and ship it back to New York. A wry, often affectionate view on the English, and how to navigate our national personality. 'In England everything is typical. If your train is late, it is typical. If there are no seats on the upper deck of a bus, it is typical. If it starts to rain at five o'clock just before you leave work, it is typical.' 'The English do not like to be wished "Have a nice day", because to them it sounds like a command. They think, Who the hell do you think you are to order me to have a nice day?' Ten years ago, Angela Kiss arrived in the UK without a word of English. All she brought with her was a small bag, a sense of adventure, a desire to work and a copy of George Mikes' classic 1940s' humour book about the peculiarities of the British, how to be an Alien. Through every dodgy flat share, low-paid waitressng job, awkward date and office mishap, Angela held tight to George's wit and wisdom. With his help she began to understand how to live amongst the English - with their eccentricity, spirit and sweeping train drivers - and fell in love with a land rich in green spaces, pubs and puddings.

After creating a controversial and hugely popular website, teenager Josh Swensen becomes trapped inside his brilliant creation and must find a way to remain anonymous. I am lying on my bed doing my homework in Greek and Latin roots for Advanced English. "Ped for foot, "homo" for man, "nym" for name. I sit with the dictionary in front of me, coming up with as many words as I can to complete the assignment. Pedestrian, homicide, pseudonym. . . . I have more than thirty of them. By accident -- that's always how these life-changing things happen -- I connect two halves that don't seem like a word until I look it up.

"Pseudo" false; and "cide" to kill = pseudocide. To pretend to kill (yourself). I stare at the word for a good long time. Homicide, suicide, genocide: these are words you can find in the newspaper every day. But pseudocide. . . . now here was something different. My mind wanders from my homework to the blue cotton threads of my bedspread. Pseudocide: A way to start again as someone completely new, a way to burn the old self and try on a new one. Josh Swensen isn't your average teenager - when he observes America, he sees a powerhouse of consumerism and waste. He's even tried to do something about it, with his start-up controny website. But when Josh rises to messiah status on the internet world, he discovers that greed and superficiality are not easily escaped. Trapped inside his own creation, Josh feels his only way out is to stage his death and be free of his internet alter-ego, "Larry." But this plan comes with danger, and soon Josh finds himself cut off from the world, with no one to turn to for help. In this suspenseful young adult novel, Janet Tashjian has written a probing tour-de-force.

An "insightful" (Publishers Weekly) history of the development of American capitalism and the men who made it great. Most Americans are familiar with the political history of the United States, but there is another history woven all through it, a largely forgotten history—the story of the money men. Acclaimed historian H. W. Brands brings them back to life: J. P. Morgan, who stabilized a foundering U.S. Treasury in 1907; Alexander Hamilton, who founded the first national bank, and Nicholas Biddle, under whose directorship it failed; Jay Cooke, who helped to finance the Union war effort through his then-innovative strategy of selling bonds to ordinary Americans; and Jay Gould, who tried to corner the market on gold in 1869 and as a result brought about Black Friday and fled for his life.
