Computer Networking: A Top-Down Approach by James F. Kurose

“Computer Networking: A Top-Down Approach 7 th Edition” is a great book on computer networking. This book is an Engaging introduction to networking with a much-appreciated mix of humor and the real world, relatable analogies. James Kurose and Keith Ross are the authors of this book. Both of these authors have vast experience in computer networking.

Computer Networking A Top Down Unique among computer networking texts, the Seventh Edition of the popular Computer Networking: A Top Down Approach builds on the author’s long tradition of teaching this complex subject through a

layered approach in a “top-down manner.”
The text works its way from the application layer down toward the physical layer, motivating readers by exposing them to important concepts early in their study of networking.
