This is a

it's like we've
travelled back in

1990s. Everybody
has Pokemon fever
again, and people

are quite literally out on the streets catching Pokemon, which is something of a bizarre thing to think about. Topics covered in this guide include... *

- How to earn XP, level up, join gym teams and more *
- Getting started and catching Pokemon *
- Levelling up your

Teams and

Advanced tips and

more! What's The
Craze All About?
To break it down to
its simplest
description,
Pokemon Go uses
your mobile phone's

Page 8/147

satellite GPS systems and built-in clock to figure out where and when you are when the game is open. When you've got the game open, the game then populates the world around you with Pokemon. You end up looking at the world through your phone's screen and

Page 9/147

pokemon-guides

camera, and
Pokemon are
dropped onto the
top of the real
world in a semi-
convincing way -
this is augmented
reality. What
happens then is
much like the rest
of the Pokemon
games - you can
catch various
creatures and do

Page 10/147

pokemon-guides

battle with others,
training Pokemon
and working to
'catch them all' as
well as build your
strength in battle.
The gimmick is that
thanks to the GPS
and augmented
reality, the
Pokemon available
to you change
based on your real-
world location and

the time of day, so players are encouraged to move around. Real-world locations are even marked as PokeStops and Pokemon Gyms, meaning you have to travel to them if you want the benefits of those locations. It's pretty cool stuff.
