

Vets Might Fly

From the author whose books inspired the BBC series All Creatures Great and Small, Vet in Harness is the fourth volume of James Herriot's classic memoirs; a book for all those who find laughter and joy in animals, and who know and understand the magic and beauty of Britain's wild places. The Yorkshire dales have never seemed more beautiful for James – now he has a lovely wife by his side, a partner's plate on the gate and the usual menagerie of farm animals, pets and owners demanding his constant attention and teaching him a few lessons along the way. All of the old Darrowby friends are on top form – Siegfried thrashes round the practice, Tristan occasionally buckles down for finals and James is signed up for a local cricket team. 'I grew up reading James Herriot's books and I'm delighted that thirty years on, they are still every bit as charming, heartwarming and laugh-out-loud funny as they were then' – Kate Humble 'Herriot's enchanting tales of life in the Dales are deservedly classics. Full of extraordinary characters, animal and human, the books never fail to delight' – Amanda Owen, bestselling author of The Yorkshire Shepherdess

The #1 New York Times–bestselling author of All Creatures Great and Small reflects on the rewards of training the next generation of veterinarians. As an aging James Herriot begins to see more house pets than livestock, the challenge of treating animals—and reassuring their owners—provides plenty of excitement, mystery, and moments of sheer delight. After building up his own practice, the renowned country vet begins to teach a new generation about a business both old-fashioned and very modern. He watches with pride as his own children show a knack for medicine, and remarks on the talents and quirks of a string of assistants. There is no perfecting the craft, since people and their animals are all remarkably different, but Herriot proves that the best healers are also the most compassionate.

The sixth book in Cathy Woodman's hugely popular Talyton St George series Each book in the Talyton St George series can be read as a standalone novel, but when Cathy first had the idea of writing about a vet practice, she intended it to be a trilogy about two vets - Maz and Alex. Their names are in brackets to show which books feature their story. All the other books have new characters, although Maz and Alex always crop up now and again. From the author whose books inspired the BBC series All Creatures Great and Small, It Shouldn't Happen to a Vet is the second volume of James Herriot's classic memoirs: a book for all those who find laughter and joy in animals, and who know and understand the magic and beauty of Britain's wild

places. Lesson number one: When taking a cow's temperature the old-fashioned way, never let go of the thermometer. . . . Now firmly ensconced in the sleepy Yorkshire village of Darrowby, recently qualified vet James Herriot has acclimatized to life with his unpredictable colleagues, brothers

Siegfried and Tristan Farnon. But veterinary practice in the 1930s was never going to be easy, and there are challenges on the horizon, from persuading his clients to let him use his 'modern' equipment, to becoming an uncle (to a pig called Nugent). Throw in his first encounters with Helen,

the beautiful daughter of a local farmer, and this year looks to be as eventful as the last . . .

Presents simple instructions and illustrations to help beginners learn to knit, with patterns for sixteen easy projects.

No one is better poised to write the biography of James Herriot than the son who worked alongside him in the Yorkshire veterinary practice when Herriot became an internationally bestselling author. Now, in this warm and poignant memoir, Jim Wight talks about his father--the beloved veterinarian whom his family had to share with half the world. Alf Wight (aka James Herriot) grew up in Glasgow, where he lived during a happy rough-and-tumble childhood and then through the challenging years of training at the Glasgow Veterinary College. The story of how the young vet later traveled to the small Yorkshire town of Thirsk, aka Darrowby, to take the job of assistant vet is one that is well known through James Herriot's internationally celebrated books and the popular All Creatures Great and Small television series. But Jim Wight's biography ventures beyond the trials and tribulations of his father's life as a veterinarian to reveal the man behind the stories--the private individual who refused to allow fame and wealth to interfere with his practice or his family. With access to all of his father's papers, correspondence, manuscripts, and photographs--and intimate remembrances of all the farmers, locals, and friends who populate the James Herriot books--only Jim Wight could write this definitive biography of the man who was not only his father but his best friend.

USA TODAY BESTSELLER “Lt Colonel Dan Rooney is a true patriot who serves our country with courage and honor.”—George H.W. Bush, 41st President of the United States F-16 fighter pilot, American hero, Folds of Honor founder, PGA professional, and inspirational family man Dan Rooney delivers a motivational code for living to help ordinary people ascend to their highest level in life. Part spiritual guide and part call-to-action, Fly Into the Wind combines Lt Colonel Rooney’s fighter pilot stories with his discovery of faith and purpose in order to help each reader achieve a philosophy he calls CAVU, after the Air Force acronym that stands for “ceiling and visibility unrestricted.” CAVU describes the perfect conditions for flying a fighter jet, when steel-blue skies invite pilots to spread their wings like supersonic eagles. In today’s world of identity politics, fractured racial relations, and external turmoil, Rooney’s book will show how all of us are connected by God in more ways than we realize, and that the path to fulfillment begins with changing ourselves in order to better one another. From the outside, Lieutenant Colonel Dan “Noonan” Rooney was living the American Dream: he was an F-16 fighter pilot, PGA Professional, husband to his college sweetheart, and father of five daughters. His position in life should have been a blessing. But a near-tragic mishap while piloting his F-16 triggered an ominous life storm that altered his trajectory and filled him with self-doubt. Realizing that a jet takes off into the wind because it requires resistance over its wings to fly, Lt Colonel Rooney’s attitude toward the resistance he encountered in his life changed from resentment to humble introspection. Hyper-focused on the precise areas that are immediately under your control, CAVU is a disciplined approach to each day that will help you reshape, motivate, prioritize, and ultimately thrive. In Fly Into the Wind, Lt. Colonel Rooney breaks down CAVU into ten unique lines of effort (LOE), with each LOE building upon the previous one to provide a positive vector toward a new way of living. Along this enlightened path, readers will discover a renewed belief in themselves and the art of the possible. The time for self-discovery and ultimate achievement begins now. When the newly qualified vet, James Herriot, arrives in the small Yorkshire village of Darrowby, he has no idea of the new friends he will meet or adventures that lie ahead. From the author whose books inspired the BBC series All Creatures Great and Small, this first volume of unforgettable memoirs chronicles James Herriot's first years as a country vet, with the signature storytelling magic that has made him a favourite the world over. Here is a book for all those who find laughter and joy in animals, and who know and understand the magic of wild places and beautiful countryside.
